

It's a Knockout

Fact Sheet

What is it?

An enjoyable, competitive and physical team event.

Encouraged by our crazy MC, your guests get to hurl themselves through an inflatable assault course of frantic fun, foam and folly where only the most dedicated and driven team will be victorious!

Welcome to the ultimate knockout challenge.

How does it work?

Teams are formed and compete against one another in a variety of games. 3 points are scored for winning a game, 2 for a draw and 1 for losing but competing

Points will be displayed on large scoreboards at specified locations so that teams can see how they are progressing throughout the day. Teams are also issued with a 'Joker' card – which when used doubles the points won in a single round.

At the end of the day, the team with the most points will win!

Your 'It's a Knockout' event is entirely flexible and allows you to pick challenges to suit your audience and requirements. There are a myriad of options to choose from:

The Challenges

Amazing Slippery Wall

A water based relay race. Leaking buckets of water are carried over an inflatable wall and through a ball pond. The remaining contents are emptied into a measuring container. The more water collected in the container, the more chance a team has of winning.

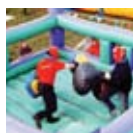

Bog Ski

Two teams race side by side. First they tackle the crazy skis, then the hoppers and then through the inflatable sausage and over the foam filled bog. The team with the most "goals" wins!

Bondi Beach Surf Challenge

Grab a surfboard and strap on some goggles, then belly surf on a special inflatable run to see who slides the furthest.

Bouncy Boxing

This activity has your guests strapping on the biggest boxing gloves you're ever likely to see. They then climb into an inflatable ring and bounce around trying to knock each other over.

Bungee Run

Our instructors will attach two guests to a bungee cord harness. Using all their body strength to sprint along the inflatable alley, the runners try to place their bean bag further than their opponent.

Bungee Splash

Head-to-head all out action. The objective is to transport water held in sponges from one end of a course to the other. Team mates soak up water in the sponge, and throw it to each other along the course, incorporating a twin bungee run. The sponges are then squeezed into a holding bucket. The team with the most water in their buckets at the end wins. It's going to be wet...

It's a Knockout

Fact Sheet

Challenger

The ultimate test of vertigo in which two participants can race to scale a giant inflatable climbing wall. By carrying balls with them, players can tackle the wall and score points by placing them in net baskets.

Colliseum

A gladiatorial activity where two competitors are challenged to knock one another off of a circular inflatable platform using a large ball. Testing balance, coordination and skill, this is an exciting all action game where it's vital to stay on your feet!

Crazy Ball Relay

Two teams race head to head in a relay along the 4 lane course, dribbling a ball at the same time.

Cubic Catastrophe

Each team member takes part in this crazy relay race by carrying a section of a soft play cube across an obstacle course. To make things more difficult, they are wearing bizarre oversized hands. On arriving at the other side, they place their piece down and return to the start to collect another section until the cube has been fully constructed.

Elephant Bouncy Castle

Perfect as an activity for children, this immense bouncy castle has passageways, arches, ramps, slides and even a see-saw bridge. Officially the most fun you can have on an elephant!

Giant Ski Slalom

Four people, one behind another, have all their right feet on the right ski, and all their left feet on the left ski. With great coordination the team must manoeuvre themselves through the slalom, round the roundabout and back. You'll soon learn left from right!

Giant Twister

Just like the classic indoor party game - but HUGE! With a larger than life spinning wheel to determine the order of the game, participants test their tenacity and balancing abilities on the massive inflatable board.

Human Table Football

Two teams compete against each other in a life size inflatable version of the traditional pub game, with the team players strapped to the poles. The team scoring the most goals wins.

Inflatable Assault Course

This is a team relay race. Team members rush through an assortment of giant inflatable obstacles. Tunnels, barriers, walls and vertical posts stand in the way of the racers and their goal - to reach the end of the course and tag a team mate. The first team with all members completing the course win!

Knock Your Block Off

An insane 'head to head' bout taking place on a large inflatable. Two contestants slip into combat suits with separate heads attached with velcro. The fighters then use padded weapons in a brutish attempt to knock their opponent's pretend head from their body. Great fun!

Inflatable Beach Volleyball

It's a 5 a side volleyball game. But playing on an enormous inflatable where teams can only move by bouncing across the court will make things, interesting...

It's a Knockout

Fact Sheet

Orb Assault

Another team relay race. Two members of each team dash to transport a giant orb through the obstacle course. Then, by balancing the orb on top of a giant bucket, they hand over to the next two runners. The ball is 1.5m across so it will be difficult to get through the covered inflatables to say the least. The winning team is the one scoring the most 'baskets' in the 2 metre hoops at the end. Fabulous Fun!

Pedestal Joust

Two of your guests can battle it out on the "gladiator" pedestal joust. Use your jousting skills to knock your opponent off the pedestal and on to the inflatable flooring.

Penalty Shoot Out

The idea is to beat the goalie by kicking a velcro covered football past them and making it stick to either the targets or the back wall of this 10ft high inflatable.

Pillow Fight

This is a gladiator style game where one member from each team takes on an opponent from the opposing team with the aim of knocking them off of a pole with a pillow. Different weighted pillows are available for different sized people.

Pulsar Pod - Quasar Battle

A giant inflatable 'pod' which comprises of a series of dimly lit, smoke-filled tunnels. Players are provided with a laser gun complete with high-tech sound effects and a fixed amount of shots. You will be able to recharge your gun at any time during the game. Strategy and tactics are required to ensure you have the highest score of hits on the computer generated print out.

Ready Steady Barbie

Teams select giant foam ingredients to put on the barbie (a barbeque to you and I), located at the end of the course. Once they have navigated their way through the course, avoiding the opposing team's giant barbie basters, the teams assemble their dishes and name their creations. Points are awarded for the most nosh on the barbie, and for the most inventive names.

Picture Palaver

Grab a jigsaw piece, dash through the inflatable course, jump up to the giant canvas and stick it on. Then dash back through the course to rearrange one piece at a time until the puzzle is complete.

Scatty Scooters

The object of the game is to move 100 footballs from one end of the course to the other using scooters, barrows, flippers and specially adapted helmets with a bucket on top. Hmmmm – sounds scatty. Sufficient interference is provided by the opposition, armed with water bombs and pistols.

Tug of War

The traditional Tug of War makes a great finale to the day. Each team can face up to one other and try their strength, as the other teams watch on.

Ultimate Giant Obstacle Course

All the fun of the inflatable obstacle course but on a much grander scale. With tunnels, barriers, walls, slides and posts galore, this relay race will decide the true inflatable champions!

Zig Zag

Armed with inflatable batons, two teams play across a giant zigzag inflatable, attempting to fend the opposition away from their property and knock them from their platforms. The team with the most people still standing at the end of the game wins.

It's a Knockout

Fact Sheet

Who is it suitable for?

- Energetic adults
- Colleagues, clients or families
- Most effective for 40 or more people

What are the benefits and outcomes?

- An exciting way for guests to socialise and compete
- Action packed morning or afternoon
- Team building and bonding through fun physical activities
- A revitalising experience

Enhancements

- Test teams' mental and communication capabilities by incorporating a variety of mix and match teamwork challenges offered by MotivAction
- The array of games can be used to enhance any family fun day - for kids and adults alike
- We can provide themed prizes for the winners, coloured T-Shirts or caps for each team and a professional photographer to capture the best bits of the day
- The event and the teams can be tailored to any theme, from pirates to monkeys, ninjas or zombies with costumes, props and music
